**School begins at 8:30am! Your child should be dressed for the day and logged in at their learning space.** The *blue blocks* represent time that your child will be interacting with the teacher for live **whole group instruction**. The entire class will meet live via Google Meet.

Morning Meeting is the time for teachers and students to gather and foster a positive classroom community by setting the expectations for the day and building strong relationships within a virtual environment.

The whole group times include ELA Instruction (writing and reading comprehension), Math and PYP concepts (science and social studies).

The *green blocks* represent time that your child will engage in **small group instruction**. Your child’s teacher will provide a schedule for small group (reading and math) meeting times and this may change based on data. These small groups will consist of 4 – 6 scholars each and the teaching during these times will be specific to your child’s strengths and areas for improvement. The teachers will specify your child’s small group times once school has started.

If your child is not in a scheduled small group, they will have an independent task to complete.

Lunch is consistent across the school from 11:30 – 12:30. Teachers will have a 30-minute break and schedule open office hours to check in with students and families.

VIBE time is an opportunity for your child to take a brain break or to engage in an enrichment activity.

Special Area Classes will be online for each grade. Your child’s homeroom teacher will communicate the schedule for Special Area Classes at the beginning of the school year and provide a calendar for you to reference. Your child will have the same special for the entire week and switch every Monday. Please use your child’s Specials Calendar to keep track of the schedule.
